Five things the app does for you

Everything today happens in the app. You will need your phone and your Singpass.

01

Book an appointment

Choose your clinic, reason and time slot.

02

Register your queue

Join the queue from home and see your itinerary.

03

Say "I have arrived"

Check in at the clinic without queueing at a counter.

04

See your health info

Allergies, health issues and medicines in one place.

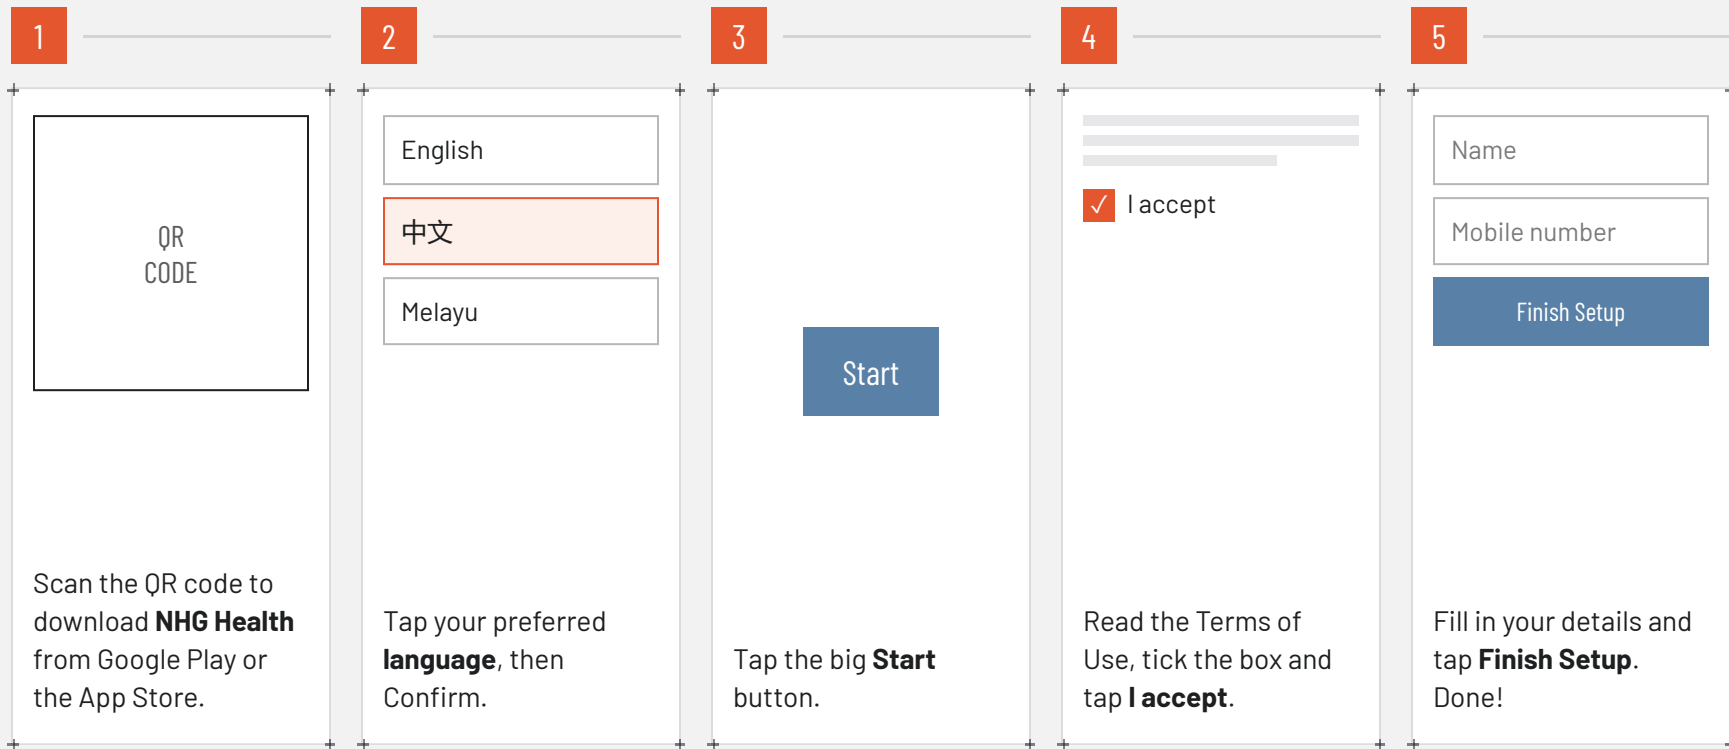

05

Request a refill

Ask for more medicine and have it delivered.

Getting started with the app

Guide page 5
About 5 minutes

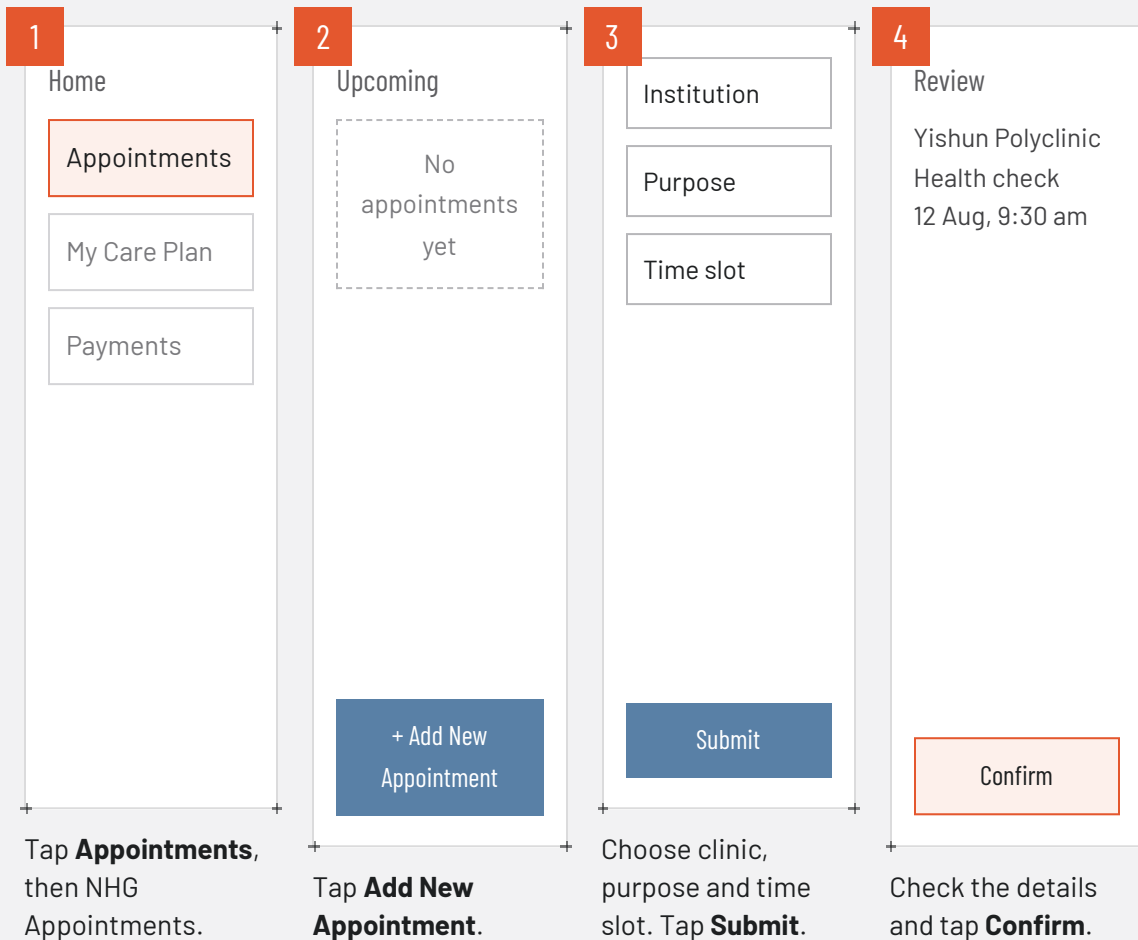

Booking an appointment

Book your own polyclinic visit in four taps. You will log in with **Singpass**.

GOOD TO KNOW

Direct booking is for NHG Polyclinics and the National Skin Centre. Other hospitals open a request form instead.

Registering for the queue

Register from home on the morning of your visit. Your e-Itinerary then shows every stop of the day.

WHERE IT WORKS

All NHG institutions except the National Skin Centre.

Edit

Tap **Edit** to write your own reminder.

Asking for a medicine refill

Three simple parts: tell them **who you are**, **where to send it**, and **how you will pay**.

Running low?
Order before your last week of tablets.

A Start the request

Open **Medications**, choose the medicines you need, and tap **Request Refill**.

- ☒ Metformin 500mg
- ☒ Amlodipine 5mg

B Details and delivery

Fill in your contact details, then choose collection or home delivery. Tap **Next** each time.

☒ Home delivery

C Pay and submit

Pick your payment option, check the summary, and tap **Submit request**.

You will see "Request Submitted".

YOUR TURN

Practice time

Take out your phone. Try these three with the person beside you – a volunteer will come around to help.

☐ Open the app and find **Appointments**.

☐ Find your **Allergies** list in My Care Plan.

☐ Add one note to a medicine.

QUICK QUIZ

How many minutes before your appointment can you tap **I have arrived**?
